

# SAFE PARKING PROGRAM

## Wish List- Balboa and Aero Lots

The Safe Parking Program serves unsheltered families and individuals living in their cars most of whom have recently found themselves homeless for the first time. JFS understands that a vehicle is often a critical asset, allowing individuals and families access to resources, ability to look for employment (or get to and from a job), and/or to get to and from school. Focused on stopping the downward spiral of homelessness, the Safe Parking Program provides more than a dependable place to park at night. The program includes supportive services to help individuals and families stabilize and transition back into permanent housing.

**Individuals and families have limited space in their vehicles. We encourage you to collect donations from among these most needed items.**
