

# Volunteer Opportunity

"I drive because  
I love getting to  
know my riders."

Hannah,

## Join the team that drives *On the Go*

We're a team of volunteer drivers. When older adults make the tough decision to "turn in their keys," we help them hold on to their independence by getting them where they need to go. Sometimes we drive people to the doctor, and sometimes to visit friends. We're about helping our neighbors stay connected to the people and places they love most.

### Make a difference – with just a few hours a month

- You choose who, when, and where you drive
- We provide secondary insurance and reimburse you for every mile
- Scheduling is convenient and done online
